Experiencing the Transformational Truth of God's Sovereign Grace and Eternal Purpose

Do you sometimes feel like you have plateaued in your own spiritual journey? Do any of the following statements ring true for you?

- I need a renewed desire to study the Word of God.
- I wish I had time for learning more about the Bible.
- I would like to have a greater sense of hope for the future.
- I wish I really could be sure that God loves you.
- I wish I knew how to find a meaningful way to study my Bible.

If those statements are your heart's cry, this book has the answers to your longings! It contains fresh insights into the deep, often untapped truths of the Word of God. Designed to challenge your mind while feeding your spirit, these chapters reveal life-changing, foundational biblical truths.

The great biblical scholars of days gone by clearly recognized the unmatched power of the Word of God. Too often today's preaching lacks the verse-by-verse expository teaching of God's Word. Yet if we long for an intimate relationship with the Savior, hiding His Word in our hearts is the answer to that longing. You will experience wisdom relevant to every aspect of your daily walk as you meditate on these treasures from His Word.

GLENNA SALSURY is a graduate of Northwestern University, UCLA, and Fuller Seminary and is a well-known speaker for Christian conferences nationally and internationally. She has served on staff with Young Life and as a teaching leader for Bible Study Fellowship. She lives in Scottsdale, Arizona, and has three daughters and six grandchildren.
